

Transformationskredit (transformation loan)

Our Transformationskredit is a loan for financing transformation measures in the building sector such as energy modernisation measures.

Your energy modernisation project is evaluated with regard to the expected positive ESG effects and any other potential ESG-related improvements.

Examination of whether any subsidies could be integrated into the project.

Your project is linked with clear sustainability performance indicators.

→ **This makes your positive sustainability performance measurable.**

The conditions of the Transformationskredit are linked to the sustainability/ESG performance increase to be achieved.

→ **Your level of ESG ambition thus significantly determines how your financing conditions will be set out.**

→ **With this product, we are convinced that we can pave the way to a climate-neutral economy – together with you. So what are we waiting for? Let's take the first step together! You can find your contact partners [here](#).**
